DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-3 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims are generally narrative and indefinite, failing to conform with current U.S. practice. They appear to be a literal translation into English from a foreign document and are replete with grammatical and idiomatic errors.

Claim 1 recites the limitation "the non-rotating side case" in line 6. There is insufficient antecedent basis for this limitation in the claim.

Claim 2 recites the limitation "the fixing portion" in line 3. There is insufficient antecedent basis for this limitation in the claim.

Claim 2 recites the limitation "the movable portion" in line 6. There is insufficient antecedent basis for this limitation in the claim.

Remaining claim 3 is rejected as depending from a rejected base claim.

Allowable Subject Matter

Claim 1 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
